

Membership fees in England 2023-24

QAA Membership provides vision, expertise and guidance through strong partnership. As part of the QAA Membership community you are able to co-create sector-owned reference points such as the UK Quality Code, Qualifications Frameworks and Subject Benchmark Statements and keep ahead of the latest developments in delivery, assessment and academic integrity.

Through QAA Membership your commitment to securing academic standards and delivering high quality teaching is signalled to UK and international partners, governments and students.

Membership

Membership is priced on a banded model based on the number of students.

In England, membership of QAA is voluntary, and our work to enhance quality and protect standards is funded solely through membership fees. Providers in England can only continue to receive the guidance and resources paid for by membership fees if they continue in QAA Membership.

Institutions in Scotland, Wales and Northern Ireland benefit from access to all areas of membership as part of the agreements with the sector, funders and regulators in their devolved administrations. More information about membership in those nations can be found on our website.
